Professional medical organization in San Mateo county and Daly City has recently been completed under the supervision of the San Mateo county chapter of the Red Cross. Dr. William C. Lynch has been named captain of Emergency Medical Field Unit E.

Dr. Lynch's unit, composed of physicians, dentists, and nurses of Daly City and Colma, was organized to take charge of medical attention in the event of a major disaster.

The unit is equipped with medical packs, and a uniform treatment has been introduced in the plans at regular meetings of the group. The local unit, subject to call anywhere a disaster occurs in the county, is divided into three teams with a physician in charge of each team.

Team 1 of the field unit consists of the following members: Dr. Allen T. Hinman, 27 Garden Lane, Colma; Dr. T. H. If It's "Rumor" Keep It To Yourself

Civilians were urged this week to refrain from repeating rumors which they hear. Both the San Mateo County Civilian Defense Council and the Daly City defense body urged that the dangerous practice be stopped.

"The man or woman who spreads false rumors is even more dangerous than the fifth columnist," said county defense officers.

Prepared to launch the three hour mass demonstration of civilian defense were these members of Daly City's Civilian Defense Council, Sunday when this picture was taken at the city hall.

Seated in the foreground is the board of councilmen of Daly City. Left to right: Edmund Cavagnaro; Henry Sundermann sr.; Mayor John J. Fahey sr.; Julius Twesten, chief air raid warden; and Paul G. Selmi.

Standing, left to right: Howard McHugh, in charge of outside aid and food; Arthur Quirmbach, gas de-contamination and member of the San Mateo County Civilian Defense Council; Peter J. Kelly, demolition squad; Chief of Police James G. Reardon, law enforcement; Arthur J. Bodien, chairman of the Civilian Defense Council; Fire Chief Andrew P. Chesney, fire protection; R. L. Crane jr., first aid; Fred Collins, health maintenance and welfare; and Joseph Sarto, hospitalization and medical supplies.

All Defendants Plead "Not Guilty" In Recent Mission Circle Street Brawl

With all defendants filing pleas of not guilty in Friday's trial for plea in the Compagno-Hogan case, which followed a recent street brawl in Mission circle, Judge John J. Fahey jr. disqualified himself to sit for the forthcoming trial, which was scheduled for March 5.

Judge Fahey's self-disqualification came after it was pointed out that he had once represented Thomas Hogan, one of the defendants, in a former trial. The acting judge has not yet been named.

Involved in the case besides Hogan, a San Francisco man, are two brothers, Tony and Johnny Compagno, and a sister, Theresa Compagno. The fight began between Johnny Compagno and Hogan in Mission circle, and when two Daly City police officers arrived to halt the battle, the other two Compagnos joined in the melee, attacking the officers.

The Compagnos are represented in counsel by Joseph Haughey, a San Francisco attorney, and Hogan is not represented by an attorney.

Four counts of the justice court and a city complaint are filed against Johnny Compagno. He is charged with (1) resisting an officer, (2) battery, (3) disturbing the peace, and (4) rioting. In the city complaint signed by Chief of Police James G. Reardon, he is accused of disturbing the peace.

Tony Compagno is charged with resisting an officer, battery, and rioting, while Theresa Compagno is accused of resisting an officer.

Charges against Hogan are disturbing the peace and rioting.

Were You Wondering About Those "Blimps?"

Establishment of the United States Navy Air Patrol Squadron, commissioned at Moffett field, last month, accounted for the presence of the huge "blimps" that have been seen over Daly City recently.

Used for spotting enemy air and sea craft and directing other fighting craft, the patrol blimps are the standard non-rigid variety of the Navy's lighter-than-aircraft service. They are 246 feet in length with 375,000 cubic feet capacity, and are powered by two motors.

IN THE MAIL

Dear Editor:

California has been made the goat. Why? Because racing has been discontinued. Eastern states are carrying on as usual and our next door neighbor, Arizona, is to have racing.

What are we Californians to do for pleasure that we are so fond of, sit home, read the war news, and listen to the radio? I think the majority of the people want bright lights, music and the sounds of thundering hoofs.

By closing the tracks they not only took ten million dollars out of the State treasury but sent that much back to the Eastern states. Then on top of this we were left with five thousand idle men who know very little except race track work. The majority of them are now on social security which takes money out of the United States treasury.

As for baseball, it brings nothing into the State treasury, only the tax on admissions.

Fighters are marked with broken noses, cauliflower ears, hard of hearing, poor eyesight and wind up—unfit for either the Army or Navy.

Wars are won with guns not fists.

The State derives no benefit from the hundreds of thousands of dollars wagered on baseball games or fights. This money is lost because it does not go thru a mutuel machine and the government has no check on it.

A recent golf tournament here drew 13,500 people on a single day. Speaking of crowds in a radius of two blocks from seventh and broadway you can see, anytime, 10,000 to 25,000 people, but compared to the daily attendance at some of the tracks in the State

Recreation Department Schedules Dance

Dancing activities and handicraft are highlighting current activities in the Daly City WPA Recreation department.

The regular semi-monthly dance, which is sponsored by the department, will be held, tomorrow afternoon, at General Pershing school. Dancing will begin at 3 p. m. and the public is invited.

To stimulate interest in handicraft among adults, Mrs. Lela Campbell, leader of that department, announces that craft classes will be introduced at the Recreation department soon. The classes will be held from 10 a. m. to 12 noon on Wednesdays.

TWO FIREHOUSES NEAR COMPLETION

With construction progress pronounced far ahead of schedule by P. J. Kelly, city building inspector, two new firehouses in Daly City are rapidly nearing completion under the city's $40,000 fire department improvement program.

Construction on the buildings, one at the corner of Roosevelt and Peoria, and the other at the

DEMONSTRATION SHOWS CITY READY FOR WORST

While Singapore was being surrendered, and the Far Eastern position of the Allies became more desperate than ever, Daly City, in the heart of one of the most vital defense zones in the Bay region, underwent actual war conditions in a mass demonstration, Sunday, when the civilian defense forces of the city went into action.

To drill the volunteers in their duties in safeguarding the civilian populace of the community in case of an air raid, or other enemy attack, the Civilian Defense Council ordered the mock drill, which lasted almost three hours. "Bombings," "casualties," and "incendiary fires" occurred over a widespread section of the city during the demonstration.

Both San Mateo county and San Francisco civilian defense representatives witnessed the mass demonstration by the Daly City defense body, and it was reported to be the first known drill in the bay region.

Dispatching of the problems for all the divisions of the Civilian Defense Council were made from the "nerve center" in the city hall, headquarters for the council. There, Arthur J. Bodien, chairman of civilian defense in Daly City, issued orders to the different department heads in the field, such as senior air raid wardens, fire and police officers, those in charge of first aid, demolition, and the Red Cross.

Orders from the "nerve center" were dispatched through the means of a special communications system with the telephones. Co-operating with the Randolph exchange of the telephone company, the headquarters' telephone lines were continuously open throughout the entire demonstration.

Two dispatchers in the "nerve center," Howard McHugh and Edmund Cavagnaro, were responsible for all telephone communications during the drill. McHugh received the reports from air raid wardens, auxiliary officers and other field dispatchers. After taking the report, McHugh relayed the message to Bodien, who was stationed at a desk with the charts of the precincts. Bodien then issued orders to Cavagnaro,

Perilous Voyage In A World At War Ends Luckily For Daly City Adventurer

A sea-faring man of Daly City, Bernard Winn, 67 Miriam street, proved to be a "missing person" after he was captured by the officers of a German warship at the outset of the war, according to war-delayed press release just received here. Nearly four months old, the release was dated October 6, 1941 and was received by the Los Angeles Examiner.

Winn was the only American member of a crew on a Swedish vessel, the Herma-Gorthon, when it was captured and boarded by the officers of the German ship in January, 1941, six days out of Borneo. The Swedish ship was headed for Mexico. The Germans inspected the cargo and the ship's log.

Upon arrival in Mexico, Winn "disappeared and there is no record of his re-entry to this country," according to the release. Winn, however, is living here now, and actually made legal entry into the United States from Mexico soon after the boat docked in Mazatlan.

Winn began the voyage in November 1940, and the ship arrived in four ports during the trip, docking in Japan, Celebes Islands, Borneo, and Mexico. After the inspection by the Nazis, the ship docked in Mexico in February 1941 when Winn jumped ship. He then hopped a fast freight train to the border of the United States, and took a passenger train from El Paso, Texas, after making entry.

Winn is now employed in the steel mills, and is undecided when he will again go to sea. Since the adventure with the Nazis, he has made several trips to Honolulu.

Edward Arthur Owens Starts Naval Training

Edward Arthur Owens son of Mrs. Alice M. Warren, 614 Hanover street, recently enlisted in the United States Naval Reserve.

He was called into service a week ago and is now training at the San Diego Naval training station. Following the completion of his training period in San Diego, young Owens will be assigned to his post in the service.

Owens is 23 years old, and attended local schools. He received his early education at Crocker grammar school, and is a graduate of Jefferson Union high school.

More Than One Thousand Sign Up Here In Answer To Call For More Manpower

Answering the call for more manpower in the United States Army, over one thousand Daly City and Colma men registered for selective service in the nation's third sign-up which was held Saturday, Sunday, and Monday.

In the entire draft board area, which includes Daly City, Colma, South San Francisco, Sharp Park, and Brisbane, 1,875 registrants reported to their respective sign-up places, and registered. However, at the time the total was determined, there had not yet been a report from Brisbane. In that registration place, it was anticipated that about two hundred men signed up.

The Daly City registration in the city hall, which numbered the most men, was heaviest on Saturday, the first day, when 446 men took places in a long line that continued through the corridor of the building most of the day. On Sunday, 240 were signed up, and, Monday, 107 were registered, making a total of 793 at the city hall alone.

Colma's registration at the Colma firehouse also found the first day resulting in the largest number of men. In that territory, the volunteer registrars signed up a total of 281 men during the three days.

South San Francisco registered 717 men, and Sharp Park registered 84.

Signing up all men between the ages of 20 to 44 who had not previously registered, the Daly City board witnessed four sets of father-son cases, in which both the father and the son registered for selective service, both parties being within the extended age limit.

Following completion of the registration the draft board will begin the task of filing all the forms which are in the files of the selective service officers in three age groups, according to Mrs. Isabelle Flynn, chief draft board clerk. The cards will be serial numbered on March 9, and it is expected that a master drawing will be used to determine the order number of each potential draftee.

INDIANS TO MEET SAN JOSE TEAMS

With the season's basketball schedule winding up for Jefferson high school, the Indians have been drilling hard for tomorrow's tilts with the San Jose teams at the gymnasium.

Last week's results found Jefferson splitting a double bill with the cagers of Palo Alto high school in the latter's gymnasium. The Indian lightweights trimmed the Paly boys in a low scoring game, 24 to 11.

Using their superior height to a decided advantage, the championship Palo Alto varsity poured forty points through the nets to trounce the Jeff unlimiteds by a count of 40 to 16.

PLAYOFFS OPEN IN DALY CITY BOWLING LEAGUE

Playoffs in the Daly City bowling league opened, last week, when the sheriff's office bowlers showed fine form in defeating the championship Universal Press team.

Colma Vista Grande Eagles squeezed a narrow victory from the bowlers of the Daly City cleaners while Milo's Market trounced Conci's Shell service, and Curry's Barbers added another defeat to the Daly City Lions' string.

Tomorrow night's play will find Conci's Shell service and the Lions battling to stay out of the cellar position in the playoffs in alleys 1 and 2. In alleys 3 and 4, The Eagles and the Sheriffs will bowl to determine first and second place, while Universal Press and the Cleaners will vie for third and fourth place in alleys 5 and 6. Milo's Market and Curry's Barbers will meet in alleys 7 and 8 to determine fifth and sixth place.

The playoffs, however, do not signify the exact outcome of regular league play, as Universal Press is actually the winning team. By virtue of their championship, Universal will be awarded the Sheriff's cup following the playoffs. Other awards of $5 each will be given to Victor Ratto, high singles player; Ben Schindler, high average bowler; Sheriff's team, high team singles and high series team.

More Than 300 Teachers Attend Dinner Meeting

The San Mateo County Teacher's association held a dinner, which was better attended than any in its history, at the Burlingame Methodist church, Tuesday evening of this week. More than three hundred teachers from every section of the county were in attendance.

Dr. Elmer Staffelbach of San Jose State college was the speaker of the evening. He chose a timely topic dealing with educational trends in the present crisis.

Among the teachers from Daly City who were in attendance were: Mrs. Effie Andersen, Mrs. Marjorie Reandeau, Miss Juanita Young, Miss Ethel Fillmore, and Miss Ella Redkey; Jack Chapman, Walter Griffith, William Feole, Howard Miguel, Clive M. Saiz, and Edgar Smith.

Officers of the association are: president, Edwin Williman, Pescadero; vice-president, Mary Rokovich; secretary, Dolorita Falvey; and treasurer, Mrs. Reandeau, Daly City.

D. C. Boys' Club Gains Narrow Decision

In a basketball thriller at Jefferson high school gymnasium, the Daly City Boys' club gained a narrow decision from the Optimists, 37 to 35, Friday night. The game was held under the auspices of the Daly City WPA Recreation department.

Ivan Johnson, Boys' club guard, led the scoring with a barrage of 13 points through the hoop, and McInerney of the losers was tied with Prodanovich for the high scoring honors of the Optimists.

A close contest all the way, the game was the second of the games sponsored by the Recreation department since the gymnasium was re-opened for night sports.

this is more than three times the attendance.

In regard to the State Fair at Pomona and Sacramento they draw from fifty to eighty thousand people per day and half of this number are women and children.

We now have to drive 300 miles (round trip) to a foreign country to see horse races. Uusing our tires and burning our gasoline when this should be all uncalled for. Yes, I was there like thousands of others, spending my money that I earned in the good old U. S. A. But you can't stop men from gambling. Adam was the first gambler. Didn't he gamble with Eve and hasn't man been doing it ever since? When we sign up with the draft don't we gamble with our lives? Why not give us a chance to gamble legitimately with our big wages we are making today?

Lets not be scary cats. Racing was going on in England when bombs were raining down. We have never seen a bomb yet so why brand or make us red blooded Americans cowards?

Why not center racing at one track and give all the other tracks dates at the same plant?

Remember folks, you don't see any Eastern tourists with the fresh money coming here because they can get what they want at home—racing.

People must have recreation. Lets see that it is all not taken away from us. If you want racing back write or wire your President asking for same. We are all working for him and we all know he is a hundred percent for us.

All we get in life is what pleasure we get out of it.

SUNDAY'S DEMONSTRATION

(Continued from Page 1)

who dispatched all the instructions to the field.

Red Cross and first aid volunteers took charge of "casualties," and various persons were used as supposed victims injured. First aid was administered to the "injured."

The newly established medical unit in the basement of Jefferson high school and the Villa sanitarium were used for the practise treatment to the "injured" persons.

Ten pieces of fire fighting apparatus, including equipment from the Colma Fire department, were used Sunday. Incendiary bombs were set off every five minutes in nine different locations in the city, and the reports were phoned in. The workers were timed at the "nerve center" for the amount of time that was taken in locating the bomb and extinguishing it.

A general survey of the drill over the entire city was made by Mayor John J. Fahey sr., James G. Reardon, chief of Police, Julius Twesten, chief air raid warden, and Arthur Quirmbach, chairman of public information and Daly City's representative on the San Mateo County Civilian Defense Council. The four officials patrolled the city in a police car, and made a report of their inspection.

In commenting on the mass demonstration, Mayor Fahey declared: "The drill was a very fine demonstration of efficiency and accuracy. There are a few minor improvements which can be made, but they can be ironed out without much trouble."

Thumbs up!

We of Southern Pacific are working night and day to help win the war. With us, as with everybody else in the country, this job comes first.

Trains carrying troops and defense materials are the "Limiteds" now.

However, we still have space on our trains for business and vacation travel. Due to fluctuations in traffic or other conditions of the war emergency, you may not always be able to get the exact type of accommodations you wish, and sometimes it may be difficult to get space on certain trains. But with these exceptions, we expect to be able to continue to carry you quickly and comfortably wherever you wish to go.

Some people have expressed the thought that in time of war it is hardly patriotic to go ahead with vacation plans.

Other warring nations have found that recreation, including travel, is important to morale, and our Government is no exception.

After we entered the war, W. Bruce Macnamee, Chief of the United States Travel Bureau, said:

"Travel now is not only a thrilling and enjoyable experience, it is an adventure in democracy that strengthens the nation for stern duties ahead."

And so we say, thumbs up! Go ahead with your vacation and travel plans, when they don't interfere with your participation in the war effort. Get better acquainted with this country we are fighting for.

SAVE VITAMINS FOR HEALTH

Food conservation on the home front has always been important in wartime. A well nourished people is an unconquerable people. Napoleon once tried to starve out England. Now Hitler is trying it, but the women of England beat that Nazi stratagem at their cook stoves. Now American housewives can help win this war by saving vitamins for health and victory.

Cook vegetables in little water. Do not destroy vitamins by frequent pot-stirring. Save vegetable water in a stock-pot for soups or stews. Roast meats at low temperature to conserve minerals and vitamins.

If your present range won't see you through the war it would be wise to consider a new one. Besides doing the job right a modern range will save on food and fuel at every cooking operation. If you wish, you can have easy payment terms up to 18 months. Learn about modern cooking methods for health protection.

Students of the high fourth grade were welcomed at Woodrow Wilson school.

Bozena Seidel, Bonnie Lou Webster, Ferol Walrod, and Marlene Monize made the Valentine box for Room 15. Some very attractive Valentines were made by the pupils for their parents.

Frances Blahut, student in Room 15, spent a few days visiting her uncle in Oakland.

The pupils of Room 12 have made potted ivy plants complete with red crepe paper and heart trim for their mothers. This will be their Valentine gift for the year.

Many positions are to be filled, and it is hoped that an increased number of residents of California will take civil-service examinations held for filling positions, qualify in them, and receive appointment.
